\$200

Standard Registration

\$250

+ MHANZ 1yr Membership

Benefits of Attendance

A conference quality update in Moving and Handling in your local area.

Participate in workshops providing solution focussed scenarios.

Involve areas of your business with an interest in equipment to the same session - for example, clinical engineering, procurement and finance.

View the latest developments in equipment and technology in Moving and Handling.

Non-delegates exhibition time from 1:30pm to 3:00pm.

Share Moving and Handling problems and solutions outside of your usual workplace.

An opportunity to add some evidence of education and development hours

Moving and Handling from the inside out

A unique opportunity for anyone involved in Moving and Handling (patient, manual and material handling) to attend and participate.

Introducing multiple professional perspectives and experiences makes the value of attendance even greater.

A must for health, aged and residential care, education and emergency services amongst others!

Keynote Speaker:

Professor Mike Fray - UK

PhD, BSc (Hons), BHSc, FHEA

PRESENTATIONS:

Exploring the UK approach to SPHM. From Patient Handling to Patient Safety' and 'Taking a Close Look at Assistive Devices'
